

Class Picasso Homework

This week's homework is a **maths** task. Please could you read and answer all the perimeter questions on **pages 32, 33, 34, 35 and 39.**

Remember to come and see me on a Monday or Tuesday lunchtime if you need help.

Year 5 Spelling Words of the Week

Next week, we will be doing a spelling assessment. Please ensure you look at any words you regularly spell incorrectly in your writing.

Please learn these words, in addition to those in your book, ready for the test on Thursday.

Top Tip

- When multiplying fractions by a whole number, the denominator stays the same.
- When ordering and comparing decimals, think about the size of each decimals column. Tenths are a whole split into 10 bits, hundredths are a whole split into 100 bits and thousandths are a whole split into 1000 bits.

P.S. Please remember to **read four times a week** and practice your times tables.
