

Year 6 Optional Homework Tasks

Use clay, salt dough or another modelling material to create an accurate model of the heart. Try and include as much detail as possible and add colour too.

In our English learning we are reading the very creepy and scary Coraline! Can you create your own spooky story? You could even write it as a graphic novel!

Use the link below to sketch a diagram of the heart. How many different parts can you label?

<https://www.youtube.com/watch?v=sxHVy-2F1C4&t=11s>

Watch the following episodes of Operation Ouch! on BBC iplayer: Season 3 episodes 2 and 9, Season 4 episode 2 and season 6 episode 8.

Make notes/a poster/an information page of all that you discover and tell us about it in class.

Follow the link below to an episode of Operation Ouch! that teaches you how to make your own pumping heart model!

As we love cooking in year 6, research food that is good for the heart and create a 'Heart Healthy Meal' for your family.

I would love to see photos of what you create!

Topic: Blood Heart
